

Supplier makes on-time delivery to IBAS CDR

Joe Perillo, executive vice president and general manager of Century Electronics (middle right) delivers the first Improved Bradley Acquisition System (IBAS) Periscope Head Power Supply to David Arciniega, IBAS design engineer, while members of the Power Supply, Supply Management Team and Connie Thomas of the TI Small Business Office look on. Left, Joan Aherns, Bruce Lowman, Connie Thomas, Joe Perillo, David Arciniega and Susan Bills.

Century Electronics supported the IBAS Critical Design Review by being on-time with their delivery of the first two periscope head power supplies.

Century is a small disadvantaged business specializing in custom, semi-custom and standard power supplies, converters and transformers. They currently provide products to several other DSEG programs including Joint Stand-Off Weapon (JSOW), F³ and Light Airborne Multipurpose System (LAMPS).
